## IMS1603/IMS1102 Information Use and Management

### Marking guide for the Individual Component of Assignment 2, 2005

### Part 1 – resource recommendations

About 500 words, in your own words, on **two (2) recommended books** from amongst those already held by the Monash Library, including:
- a description of the resources
- their strengths and weaknesses as a resource
- why they are suitable for inclusion in the project
- how they complement those chosen by the team as a whole

About 500 words, in your own words, on **two (2) recommended websites**, including:
- a description of the resources
- their strengths and weaknesses as a resource
- why they are suitable for inclusion in the project
- how they complement those chosen by the team as a whole

About 500 words, in your own words, on **two (2) recommended articles** retrieved from the Expanded Academic database held by the Monash Library, including:
- a description of the resources
- their strengths and weaknesses as a resource
- why they are suitable for inclusion in the project
- how they complement those chosen by the team as a whole

### Part 2 – About 500 words, in your own words, that provide an account of your search strategy, including:
- a description of the process by which you went about identifying your three recommended resources
- discussion of any important issues that arose along the way (eg the need to modify your initial search terms).

**EACH OF THE TWO COMPONENTS OF PART 2 HAS EQUAL WEIGHT**

### Part 3 – Appendices

- a copy of the frontispiece, verso and table of contents of the books that you have recommended;
- a complete copy of the articles that you have recommended;
- a copy of the home page of the web sites that you have recommended;
- a reference list providing correct bibliographical details for all resources mentioned, including their current location (either a URL, or Monash library holding details ie DDC call number), consistent with the SIMS Style Guide

**Marks will be deducted for the duplication of resources recommended by others in the same topic group**
